Notice of Proposed Kansas Intergovernmental Transfer Program Methodology for Calculating Proposed Rates, and Rate Justifications; Notice of Intent to Amend the Medicaid State Plan and Request for Written Comments

Under the Medicaid program, 42 U.S.C. 1396 et seq., the State of Kansas pays nursing facilities, nursing facilities for mental health and hospital-based long-term care units (hereafter collectively referred to as nursing facilities) a daily rate for care provided to residents who are eligible for Medicaid benefits. The Secretary of Aging administers the Medicaid nursing facility services payment program on behalf of the Secretary of Social and Rehabilitation Services. As required by 42 U.S.C. 1396a(a)(13), as amended by Section 4711 of the Balanced Budget Act of 1997, P.L. No. 105-33, 101 Stat. 251, 507-08 (August 5, 1997), the Secretary of Social and Rehabilitation Services (SRS) and the Secretary of Aging (KDOA) are publishing the proposed amendment to the Kansas Intergovernmental Transfer Program methodology underlying the establishment of the proposed rates and the justifications for those proposed rates. SRS and KDOA also are providing notice of the state's intent to submit the proposed amendment to the Medicaid State Plan to the U.S. Department of Health and Human Services' Centers for Medicare and Medicaid Services (CMS) following the comment period.

I. Kansas Intergovernmental Transfer Program. Provisions for Governmental Facilities—Non-State Government-Owned or Operated Nursing Facility Proportionate Share Pool.

Provisions for Governmental Facilities—Non-State Government Owned or Operated Nursing Facility Proportionate Share Pool: A proportionate share pool is created to increase reimbursement to Medicaid-certified, non-state government owned or operated nursing facilities. "Non-state government owned or operated" means all

government facilities that are neither owned nor operated by the state, as defined in 42 CFR 447.272 (a)(2). The pool is created subject to availability of funds and subject to the payment limits of 42 CFR 447.272 (aggregate Medicaid payments . . . may not exceed a reasonable estimate of the amount that would be paid for the services furnished by the group of facilities under Medicare payment principles).

The proportionate share pool is calculated by comparison of the Kansas Medicaid rates in all Medicaid-certified, non-state government owned or operated nursing facilities to the equivalent Medicare rates, whether or not each non-state government owned or operated facility is Medicare certified. The equivalent Medicare rate is adjusted by the wage index published in the Federal Register. When the case mix index utilized for computing the Medicaid rate does not have an equivalent Medicare classification, the Medicaid case mix index (see Attachment 4.19D, Part I, Subpart C, Exhibit C-2, Page 8 Case Mix Index Table) will be adjusted down to the next closest Medicare RUGs classification. The methodology shall adjust for pharmacy, laboratory, radiology, retroactive payment adjustments and any other factors necessary to equate Medicaid to Medicare payment methodologies. The differences between the facility-specific Medicare rates and Medicaid rates are summed to determine the amount of the pool.

The department shall submit to CMS quarterly reports that demonstrate the calculation of the proportionate share pool, and that calculations have not resulted in payments in excess of the amount which could reasonably be paid under Medicare payment principles.

The pool is calculated for each reporting period and distributed on or about 45 days after the end of the period. For example, a distribution would be made on or around May 15 for the quarter ending March 31. The proportionate share pool for the quarter ending September 30, 2002, shall be in accordance with the approved state plan amendment TN #MS 00-01. The proportionate share pool for the quarter ending December 31, 2002, shall be calculated in accordance with the approved state plan amendment TN #MS 02-21. Each participating non-state, government owned or operated facility's distribution amount is based on its estimated proportionate share of the pool (based on its share of Medicaid resident days).

II. Proposed Medicaid Per Diem Rates for Kansas Nursing Facilities.

The Kansas Intergovernmental Transfer Program will not impact the Medicaid per diem rates for Kansas nursing facilities.

III. Justifications for the Proposed Rates.

- 1. Federal Medicaid regulation 42 CFR 447.272 imposes aggregate upper payment limits that states may pay for Medicaid nursing facility services. The state's analysis indicates that the proposed Intergovernmental Transfer Program methodology would comply with federal regulation.
- 2. Estimated impact of the rate change due to the implementation of the Intergovernmental Transfer Program:

Estimated Average Rate October 1, 2002 \$99.58 Estimated Average Rate July 1, 2002 \$99.58 Amount of Change \$0.00 Percent of Change 0.00%

The above estimated average rates are in the aggregate. The Kansas Intergovernmental Transfer Program will not increase the rates paid to Medicaid-certified nursing facilities.

- 3. The state estimates that the proposed rates would continue to make quality care and services available under the Medicaid State Plan at least to the extent that care and services are available to the general population in the geographic area. The state's analyses indicate:
- a. Service providers operating a total of 314 nursing facilities (representing 97 percent of all the licensed nursing facilities in Kansas) participate in the Medicaid program, while an additional 44 hospital-based long-term care units also are certified to participate in the Medicaid program;
- b. There is at least one Medicaid-certified nursing facility, nursing facility for mental health or Medicaid-certified hospital-based long-term care unit in each of the 105 counties in Kansas;
- c. The statewide average occupancy rate for nursing facilities participating in Medicaid is 86.6 percent;
- d. The statewide average Medicaid occupancy rate for participating facilities is 55.5 percent.

IV. Request for Comments.

The state requests providers, beneficiaries and their representatives, and other concerned Kansas residents to review and comment on the proposed state plan amendment, rates, the methodology used to calculate the proposed rates and the justifications for the proposed rates. Persons and organizations wishing to submit comments must mail, deliver or fax their signed, written comments, to be received on or before the close of business on Monday, September 30,

Bill McDaniel NF/CARE Division Director New England Building 503 S. Kansas Ave. Topeka, 66603-3403 Fax (785) 296-0256

V. Notice of Intent to Publish Final Rates.

The state intends to publish the final methodology used to calculate the Kansas Intergovernmental Transfer Program rate, the final rates and the justifications for those final rates in the Kansas Register after any timely submitted public comments have been reviewed.

VI. Notice of Intent to Amend the Medicaid State Plan.

The state intends to submit the proposed Medicaid State Plan amendment to CMS following the comment period.

Notice of Hearing on Proposed Administrative Regulations

The Kansas Department of Health and Environment, Division of Health, Bureau of Consumer Health, will conduct a public hearing at 10 a.m. Friday, November 1, in the Santa Fe Conference Room (2A) in the Curtis State Office Building, 1000 S.W. Jackson, Topeka, to consider the adoption of an amended permanent regulation, K.A.R. 28-1-18, regarding notification of KDHE by laboratories of positive reaction to tests for certain diseases. This proposed amendment was adopted as a temporary regulation August 9, 2002. A summary of the proposed regulation and its economic impact statement follows.

Background: This regulation is required for funding by the Centers for Disease Control (CDC) in the Public Health Service Act, Section 317a (42 U.S.C. 247(b)). The amendment requires laboratories that conduct blood lead tests to report all test results to KDHE. Currently, the regulation only requires that laboratories report levels that are considered elevated. The CDC now requires that all blood lead level test results be reported to them. To complete this task, KDHE must receive all the blood lead level test results to make an accurate report. Federal funding for the Kansas Childhood Lead Prevention Program depends on compliance with CDC standards.

Economic Impact: The economic impact of these proposed amendments is minimal. More than 85 percent of the reporting laboratories in Kansas already report all blood lead level test results to KDHE. To further minimize the cost of reporting all blood lead levels, some laboratories have switched to electronic reporting. The cost to KDHE also is minimal as KDHE receives most test results already.

The time between publication of this notice and the scheduled hearing constitutes a 60-day public comment period for the purpose of receiving written public comments on the proposed regulatory action. Interested parties may submit written comments prior to the hearing to

Barry Brooks, Director, Childhood Lead Prevention Program, Curtis State Office Building, Suite 200, 1000 S.W. Jackson, Topeka, 66612-2221. Interested parties shall be given a reasonable opportunity for all parties to present their views. It may be necessary to require each participant to limit any oral presentation to five minutes.

A copy of the proposed regulation and the economic impact statement may be obtained by contacting Chris Rasmussen at (785) 296-7271 or Robin Norris at (785) 296-1757. Questions regarding the proposed amendment should be directed to Robin Norris.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request a copy of the proposed regulation and the economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Tom Morey, (785) 368-7154.

Notice of Hearing

The chief engineer will conduct a hearing under the authority of the Kansas Water Appropriation Act, K.S.A. 82a-701 *et seq.*, in the matter of applications filed by Sunflower Power Corporation for permits to appropriate water for beneficial use from four wells to be located at Sunflower's Holcomb power generating station. These applications are designated as File Nos. 39,984; 39,985; 39,986; and 39,987. The source of supply for the water to be appropriated under these permits will be groundwater from the Ogallala Aquifer. A total annual appropriation of 5,200 acre feet of water and a total diversion rate of 6,000 gallons per minute are proposed.

A trial-type hearing will be held to determine whether the applications should be approved. The hearing will be at 9 a.m. Monday, September 16, at the Deerfield Community Center, 609 N. Main, Deerfield, and may continue through Friday, September 20. Members of the public may attend the hearing.

Oral and written public comments on whether approval of Sunflower's applications is in the public interest will be accepted from 7 to 9 p.m. Wednesday, September 18, at the Deerfield Community Center. Oral public comments may be limited to allow all persons to speak. Written comments also may be submitted to the address shown below. Written comments must be delivered or postmarked on or before September 20.

Additional information may be obtained by contacting Barbara Hodgson, Kansas Department of Agriculture, 109 S.W. 9th, Topeka, 66612, (785) 291-3365.

Request for Comments

The Kansas Department of Health and Environment is requesting public comments on the interim remedial action plan (IRAP) that describes the excavation of coal tar contaminated soil at the Kansas City Former Manufactured Gas Plant (FMGP) site. The site is located east of the downtown area of Kansas City, Kansas, covering approximately two city blocks northeast of Third Street and Everett Avenue and the city block southeast of Third Street and Everett Avenue.

The Kansas City FMGP site is operated by Kansas Gas Service (KGS), a division of ONEOK, Inc., and is currently used as a service facility for KGS fleet vehicles and for storage of materials. The site is located in an industrial district of Kansas City, which includes grain elevators, railroad yards and warehouses. The closest residential areas are approximately five blocks to the north. KGS is completing work at the site under the terms of a consent order with KDHE dated October 7, 1994. A site investigation report was completed for the site in June 1994, and confirmed the presence of two buried gas holder tanks and coal tar contamination in the tanks. The gas holders are located on 2.75 acres in the northern portion of the site. Coal tar contamination in the soil and groundwater was detected during a remedial investigation in October 1998 and a groundwater remedial investigation in August 2000.

KGS proposes to excavate the coal tar impacted soil from the two gas-holders and dispose the material at a KDHE-approved facility. KGS plans to start the excavation October 30, 2002, and to finish by December 20, 2002.

The IRAP and administrative record for the site are available for public review at the Kansas City Public Library, 625 Minnesota Ave., Kansas City, Kansas (contact: Linda Wolford), during library hours. Additional information about the site not contained in the administrative record at the library is available from KDHE in Topeka. Requests to review KDHE's file should be directed to Walter Mack, Project Manager, Kansas Department of Health and Environment, Bureau of Environmental Remediation/Remedial Section, 1000 S.W. Jackson, Suite 410, Topeka, 66612-1367, (785) 296-1681.

KDHE encourages community members to review the administrative record and submit written comments on the IRAP for the site. Written comments on the IRAP can be made during the 14-day public comment period beginning on the date of this notice. Written comments should be sent to KDHE at the address above not later than 14 days after the publication date. KDHE will consider the need for modification of the IRAP based on comments received by the community.

Notice of Hearing on the Kansas Consolidated Plan

The Department of Commerce and Housing and the Department of Health and Environment will conduct a public hearing for comments on the preliminary draft of the Kansas Consolidated Plan for federal fiscal year 2003 (state program year 2003). The Consolidated Plan is the state's proposed framework for business development, community development and housing development. The proposed plan is available for public examination at county seat public libraries and selected local government offices, and at the public hearing site (September 23 only). The public comment period ends September 30.

The public hearing will be conducted from 10 a.m. to noon Monday, September 23, in Conference Room 530, Curtis State Office Building, 1000 S.W. Jackson, Topeka. If special accommodations are needed, contact the Kansas Department of Commerce and Housing at least five business days in advance of the meeting at (785) 296-3481, fax (785) 296-3665 or TTY (785) 296-3487.

Facility Description: The proposed action is to reissue an existing permit for operation of an existing wastewater treatment facility treating primarily process wastewater. This facility separates, purifies and liquefies helium from the raw feed by mechanical and cryogenic processes. Treatment in plant 1 and 2 consists cooling tower blowdown, compressor condensate, side stream filter backwash, equipment and floor washdown water, and stormwater runoff is treated using pH adjustment and oil/water separator(s), and discharged into a concrete swale to waters of the state. The annual average flow is 0.026 mgd with a peak flow of about 0.066 mgd. The proposed permit includes limits for oil and grease, total residual chlorine and pH. Monitoring for temperature and effluent flow also will be required. A chronic whole effluent toxicity test will be required once during the 2003 calendar year. The permit requirements are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28(b-f), and Federal Surface Water Criteria, and are water-quality based.

Facility Address: 30078 Lone Star Road, Paola, KS 66071

Facility Description: The proposed action is to issue a general permit for the facilities listed above to operate pollution control structures for existing or new ready-mix concrete plants. These facilities use basins to retain wastewater and solids from the washing out of the drums of the concrete mix trucks or the beds of open top concrete transport trucks, and to retain fresh water used to wash the outsides of the trucks. The truck washout structures settle aggregate and cement fines in the first chamber/basin of the control structures. Clear water from the first chamber/basins is routed to the clear water retention chamber/basins where the water can be recycled to the washout process, used in the concrete production process, used for dust suppression, or hauled to a KDHE-permitted wastewater treatment facility for disposal. Solids from the washout structures are recycled or sold for fill. Domestic sewage is discharged to city sanitary systems or on-site wastewater treatment/retention systems and is not covered by this permit. Although these facilities generally operate as nonoverflowing facilities, the general permit allows discharges of treated wastewater to surface waters of the state provided the discharge meets the criteria in the general permit. Reporting is quarterly if a discharge to surface waters of the state occurs or annually if no discharge occurs during the calendar year. The general permit does not cover compliance with local zoning rules and other requirements of the various local, state and federal authorities who have their specific laws and regulations requiring compliance.

Persons wishing to comment on or object to the draft permits and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments or objections considered in the decision making process. Comments or objections should be submitted to the attention of Glenda Newquist for agricultural permits or applications, or to the permit clerk for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft permit or application notice postmarked or received on or before September 28 will be considered in the formulation of final determinations regarding this public notice. Please refer to the appropriate Kansas permit number (KS-AG-02-210/227, KS-02-132/135, KS-ND-02-036/050) and name of applicant/application as listed when preparing comments.

If no objections are received during the public notice period regarding any proposed permit, the Secretary of Health and Environment will issue the final determination regarding issuance or denial of the proposed permit. If response to this notice indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). Media coordination for publication and/or announcement of the public notice or public hearing is handled by the Kansas Department of Health and Environment.

For agricultural permits and applications, a copy of the permit application, supporting documentation and a KDHE-developed fact sheet, if appropriate, is available for review at the appropriate district office:

Department of Agriculture

Notice Concerning Feeding Stuffs Inspection Fees

Pursuant to K.S.A. 2-1004a, the Secretary of Agriculture has ordered that the feeding stuffs inspection fees shall be reduced to the rate of \$.08 per 2,000 pounds or fraction thereof of commercial feedstuffs sold, offered, exposed or distributed in Kansas. Because the secretary has determined that the inspection fee provided for in K.S.A. 2105(2) is in excess of what is required, the fee has been decreased. The inspection fee of \$.08 shall be applicable to feedstuffs tonnage reported for the semiannual tonnage reports due January 1, 2003, and July 1, 2003. This order shall remain in effect until otherwise modified by the secretary.

To obtain a copy of the secretary's order, contact Leslie Garner, Kansas Department of Agriculture, 109 S.W. 9th, Topeka, 66612, (785) 296-4623.

- (e) "Conditional license" means the initial license that an individual holds to begin practice while preparing for the professional license.
- (f) "Content assessment" means an assessment designated by the state board to measure subject matter knowledge for an endorsement.
- (g) "Deficiency plan" means a detailed schedule of instruction from an approved program that, if completed, will qualify an individual for full endorsement in a subject. The individual who is to receive the instruction and a representative of the institution at which the instruction is to be given shall sign each deficiency plan.
- (h) "Duplication of a license" means the issuance of a license to replace a license that is lost or destroyed.
- (i) "Emergency substitute teaching license" means a license issued to an individual that allows access to practice as a substitute teacher as defined by S.B.R. 91-31-19(b).

- (j) "Endorsement" means the legend printed on each license that identifies the subject in which an individual has specialization.
- (k) "Exchange license" means a two-year license issued under the exchange license agreement.
- (l) "Institutional verification" means acknowledgment that an individual has successfully completed a program within an accredited unit.
- (m) "Licensure" means the granting of access to practice teaching, administration, or school services in Kansas public schools.
- (n) "Local education agency (LEA)" means any governmental agency authorized or required by state law to provide education to children, including each unified school district, special education cooperative, school district interlocal, state school, and school institution.
- (o) "Mentor" means a teacher or administrator who holds a professional license assigned by an LEA to provide support, modeling, and conferencing to a beginning professional.
- (p) "Official transcript" means a student record that includes grades and credit hours earned and that is affixed with the official seal of the college and the signature of the registrar.
- (q) "One year of teaching experience" means accredited experience that constitutes one-half time or more in one school year, while under contract.
- (r) "Pedagogical assessment" means an assessment designated by the state board to measure teaching knowledge.
- (s) "Performance assessment" means an assessment designated by the state board to measure an individual's ability to implement the knowledge and skills of a teacher, administrator, or school services provider. Performance assessment at the advanced level shall consist of a one full school year or two full semesters of supervised internship beyond the approved graduate-level program.
- (t) "Prekindergarten" means a program for children three and four years old.
- (u) "Professional license" means a license issued to an individual based on successful completion of a performance assessment and maintained by professional development.
- (v) "Provisional school specialist endorsement license" means a license issued to an individual that allows access to practice as a school specialist while the individual is in the process of completing requirements for the school specialist license.
- (w) "Provisional teaching endorsement license" means a license issued to an individual that allows access to practice in an endorsement area while the individual is in the process of completing requirements for that endorsement.
- (x) "Recent credit or recent experience" means credit or experience earned during the six-year period immediately preceding the filing of an application.
- (y) "Restricted district leadership license" means a license that allows an individual limited access to practice in a district administrative role under a special arrange-

ment among the individual, a Kansas teacher education institution, and an LEA.

- (z) "Restricted teacher license" means a license that allows an individual limited access to practice under a special arrangement among the individual, a Kansas teacher education institution, and an LEA.
- (aa) "Standards board" means the teaching and school administration professional standards advisory board.
 - (bb) "State board" means the state board of education.
- (cc) "Subject" means a specific teaching area within a general instructional field.

- (B) if the applicant holds an advanced degree, verification that the person, within the term of the full vocational-technical certificate, has earned a minimum of 120 professional development points under an approved individual development plan filed with a local professional development council. The individual development plan shall include attendance at professional conferences in the vocational-technical field. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective July 1, 2003.)
- **91-1-214.** Criminal history records check. (a) Each person making initial application for a Kansas certificate or license or for renewal of an expired certificate or license shall submit, at the time of application, a complete set of legible fingerprints of the person taken by a qualified law enforcement agency. Fingerprints submitted pursuant to this regulation shall be released by the department of education to the Kansas bureau of investigation for the purpose of conducting criminal history records checks, utilizing the files and records of the Kansas bureau of investigation and the federal bureau of investigation.
- (b) Each applicant shall pay the appropriate fee for the criminal history records check, to be determined on an annual basis.

(c) In addition to any other requirements established by regulation for the issuance of any certificate or license specified in subsection (a), the submittal of fingerprints shall be a prerequisite to the issuance of any certificate or license by the state board. Any person making application who does not comply with the provisions of this regulation shall not be issued a certificate or license. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective July 1, 2003.)
